EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kien Le (Reg. #L0056) on 10 May 2006. Examiner had previously contacted Applicant's representative to discuss the state of amended claims 30 and 31. Examiner stated that the means-plus-function language of claims 30 and 31 could only reasonably be construed to pertain to software *per se* and the internal manipulation of computer data, and did not produce a useful, concrete and tangible result. Claims 30 and 31 were therefore considered non-statutory. Without adequate amendment to claims 30 and 31, the presently allowed application would have to be withdrawn from issue. Applicant's representative later contacted Examiner and agreed to simply cancel claims 30 and 31.

The application has been amended as follows:

Claims 30 and 31 are cancelled.
